

# Delta Ghosting Remover

Heavy Duty Ghosting Remover

Specialist chemical products  
& anti-graffiti solutions

## Description

Ghosting Remover is a powerful cleaner to remove residual graffiti staining left on Masonry surfaces following graffiti removal.

Ghosting Remover is fast acting, effective and can be used on damp surfaces.

## Application

### Ghosting Remover is used UNDILUTED

Masonry Surfaces & General Use:

*Apply Ghosting Remover generously to affected areas and allow to work for at least 5–10 minutes.*

*Apply immediately after pressure washing so that the surface is still damp..*

*Wash off using high pressure water, very hot water (90°C) assists effectiveness of product.*

*Repeat as necessary.*

*Finally, use Delta Descaler to neutralise surface and rinse well with water.*

Do not use below 5°C. Extend contact times for low temperatures.

### **WARNING: Strongly alkaline product.**

Wear suitable personal protective equipment.

DO NOT use on alkali sensitive surfaces.

Avoid contact with Glass.
