Specialist chemical products  
& anti-graffiti solutions

## Activator

Rail Catalogue  
Number 7/32034

### liquid multi-purpose graffiti remover

For removing graffiti from non-porous surfaces – i.e. hard plastic and paintwork, and also from moquette seating. Approved by the UK Railway network's independent testing laboratories.

## DP200

Rail Catalogue  
Number 7/32052

### liquid chewing gum and sticky label remover

For removing chewing gum and most sticky substances from flooring, furniture, moquette seating fabric and carpets – a fast acting solution to sticky problems. Approved by the UK Railway network's independent testing laboratories.

## Eliminator

Rail Catalogue  
Number 7/32051

### graffiti remover for clear plastics

For removing graffiti from Polycarbonate, PET, Acrylic and other clear plastic glazing. Tested and approved by British Telecom for Polycarbonate glazing. Passes BS EN ISO 45991:1997 (Determination of Resistance to Environmental Stress Cracking) on 3mm Polycarbonate.

## Ghost

### stain & shadow remover

For removing residual staining from porous surfaces.

## Graffi-gard

Approved by  
British Telecom

### single coat sacrificial coating

For protecting porous and non-porous surfaces against graffiti and flyposting. Easily cleaned by either hot water pressure washing or by using Delta's graffiti removers. Provides near invisible protection. Easy to apply liquid formulation.

Water vapour permeable – allows surfaces to breathe. Safe on all cured paint systems.

Non flammable wet or dry, suitable for use internally and externally, fully biodegradable.

## Graffi-gel

Rail Catalogue  
Number 7/32035

### thixotropic graffiti remover

For removing most types of graffiti from porous surfaces, masonry, brickwork, resistant plastics and paintwork surfaces. Approved by the UK Railway network's independent testing laboratories.

## Graffi-sol

### heavy duty liquid graffiti remover

For removing most types of graffiti from porous surfaces, masonry, brickwork, resistant plastics and paintwork surfaces. Liquid formulation for easy application and removal.

## Graffi-strip

### extra heavy duty gel graffiti remover

For removing most types of graffiti from porous surfaces, masonry and brickwork. Supplied in ready to use buckets for easy application.

## Rapid-strip

### ultra heavy duty gel graffiti remover

For quick and effective removal of graffiti from porous surfaces, masonry and brickwork.

## Wipes

### graffiti removal wipes

A convenient and easy to use system for removing graffiti from non porous surfaces, resistant plastics and painted surfaces.
